

FARM ANIMALS ARE COMING TO MOSMAN

If you'd like to pat some sweet baby farm animals, put Sunday 16th June 2013 in your diary. Barracks Vet is joining the fun of [Mini-Mos](#) Community Fair by sponsoring the kindifarm at Mosman Primary School.

What's on? •

Mini-Mos starts at 7am with a series of Fun Runs which raise money for the school and a number of charities. Over ten thousand members of the community are expected to be involved. The fair runs from 10am - 2pm, featuring food stalls, great rides and a sideshow alley. Mosey over to the petting zoo to hand feed a calf, lamb, kid goat or piglet. You can hold a baby chick or a rabbit, or see sheep shearing and whip-cracking demonstrations. Try to win a prize in our colouring-in and "guess the weight of the pig" competitions.

Cooler weather •

As the season changes we are likely to see the dreaded symptoms of arthritis in pets of all ages: licking at joints, stiffness, reluctance to rise or walk etc. Please help your pet out of this painful condition with a visit Dr James for a course of injections and painkilling anti-inflammatory tablets. And easy does it on the exercise! Regular gentle, leash walks will do the most good.

Fleas •

The fleas are booming this autumn, so keep up the topical treatments to break the complicated flea breeding cycle. If you are still seeing fleas after that, there is also a fast acting monthly tablet for dogs which will knock off the adult fleas in just an hour or two.

Feel free to follow us on [facebook](#) to share your adorable pet photos. Have a look at what goes on behind the scenes at the Barracks Vet and get all the latest news.

Cheers for now from all the team,
James, Tors, Tamsin & Lucy
