

CLEAR, BRIGHT & WINTRY

Sydney is enjoying a lovely winter with many glorious sunny days and strong winds to freshen everything up. A brisk walk with your dog is a great start to the day.

Grooming •

We would like to introduce two new grooming services. [Puppoose](#) is a mobile service owned and run by a qualified vet nurse. Phone Naomi and her team on 0451 515 364 or email info@puppoose.com.au. [Paws Up](#) at St Leonards is a family run service which also offers doggie daycare. Call Peta or Michael on 9436 4000 or email info@pawsup.com.au.

Vet foods •

Thank you for your patience during recent shortages of veterinary pet foods. Delays were due to issues with import licenses and not because of quality control. A premium vet-sourced diet is the best value for money on a nutrition per kilo basis. Supermarket brands contain inferior ingredients and excess water, salt and fillers.

Ticks •

Last October we saw an alarming number of tick cases around Mosman, and as we have already found larval ticks we can expect another bad year. Remember to use a preventative tick topspot every two weeks from the beginning of September and avoid taking your dog through the scrub. Make it a habit to run your hands over your pets every day. If you feel something like a pin head and identify a tick, remove it with a plastic tick twister and bring it, along with your pet, to the vet.

If you like us, refer a friend and receive a \$25 voucher!

For more frequent updates and interesting stories follow us on [facebook](#).

Cheers for now from all the team,
James, Tors, Tamsin & Linda
